ANNOTATION:

This is a list for the LEA to use to communicate to the parents the proposed actions to be taken. All actions listed require Prior Written Notice, except the first action, (i.e., *Proposes initial provision of special education and related services*), which requires parental consent. When selecting the first action, the LEA may not proceed without the written consent of the parents in Section 8 of this notice. An initial evaluation may NOT be conducted without parental permission. Permission is requested using the *Permission to Evaluate – Consent Form*. In the reevaluation process, if the parent requests additional data and the LEA disagrees with the request, the LEA would issue the NOREP/PWN with an explanation of the reason for the refusal. Clarification has been added to remind the LEA that they must issue the *Procedural Safeguards Notice* for the following actions: *Refusal to initiate an evaluation*; and *Change of placement for disciplinary reasons*.

2. A description of the action proposed or refused by the school/district:

Child's Name:

ANNOTATION:

This section provides the LEA an opportunity to describe to the parents the type of action proposed or refused in Section 1 of this notice. For example, The parent has requested additional testing to be conducted for purposes of reevaluation, and the LEA refuses to do additional testing because the LEA believes existing evaluation data on the student are sufficient to determine that the child continues to be a child with a disability and also to determine the child's educational needs.

3. An explanation of why the school/district proposed or refused to take the action:

ANNOTATION:

This section provides an explanation of the reasons why the above actions were proposed or refused. Following are some examples:

- ◆ Evaluation data indicate that the child does not meet the eligibility requirements as a child with a disability.
- Evaluation data and the child's performance indicate that the child has met exit criteria as determined by the IEP team and is no longer in need of specially designed instruction, and therefore no longer needs special education.
- The student will be graduating with a regular diploma.
- The LEA has conducted an evaluation and considers the data to be valid and comprehensive and therefore refuses to pay for an independent evaluation.

4. A description of other options that the IEP team considered and the reasons why those options were rejected. If the action proposed or refused is in regard to educational placement, options considered must begin with the general educational environment with supplementary aids and services (information about supplementary aids and services is available on the PaTTAN website at www.pattan.net):

Options Considered	Reason for Rejection

ANNOTATION:

This section explains to the parents the reasons why the options considered were not found to be appropriate. Following are some examples:

- Child does not need specially designed instruction to be successful in the general education curriculum.
- Results of the evaluation indicate that the child's needs can be met with supplemental support service.
- Observations conducted during the reevaluation indicate that receiving itinerant support would not be sufficient to meet the child's needs.
