

Questions to Ask at Your IEP Meeting

Progress:

1. Can you provide specific examples of progress my child has made since the last meeting?
2. What metrics are you using to measure progress? Is this the same method used last year or did it change? And why?
3. How frequently is my child's progress monitored and reported?
4. What happens if my child isn't meeting their IEP goals? How long are we going to try to see progress before reconvening and adjusting the IEP?

Evaluations:

1. Can you explain the evaluation results in simple terms?
2. What areas were evaluated, and were there any areas not assessed that should be?
3. How do these evaluations inform the goals and services in the IEP?
4. Can we discuss any discrepancies between this evaluation and previous evaluations or independent evaluations?

Supports and Services:

1. What specific supports and services will my child receive?
2. How will these supports be implemented in the classroom?
3. Who will be providing these services, and what are their qualifications?
4. How will the effectiveness of these supports and services be measured?
5. How will communication between home and school be handled regarding these supports?

Notes:
